<b>Administrative and geographical location, natural values, condition of the natural environment</b>	
Administrative and geographical location (Położenie administracyjne i geograficzne)	The rural municipality of Giżycko is located in the Warmian-Masurian province. It borders with the following municipalities: Giżycko ( city), Kruklanki, Miłki, Ryn and Wydminy in Giżycko County. The area of the municipality is 297.06 km <sup>2</sup> .

natural values (Walory przyrodnicze)	On the territory of the rural municipality of Gizycko there are 5 nature reserves, protected landscape areas, natura 2000 areas and nature monuments. The area of forests is 16%, waters - 27.3%.
condition of the natural environment (stan środowiska przyrodniczego)	The Rural municipality of Gizycko lies in the heart of this land, which is a sufficient tourist recommendation. A well-developed tourist base, numerous beaches, a healthy climate and the surroundings of the Masurian forests are the assets of our region. Extremely beautiful and picturesque coastline, clean bodies of water are conducive to sailing and other forms of water tourism. Although the Gizycko commune lies on the main route of the Great Masurian Lakes, unique ornithological and aquatic plant reserves can be observed. Lakes and forests tempt with their richness, attractive fishing and hunting grounds. The basic wealth of the region are life-giving meadows, forests, lakes, fresh air and rare specimens of flora and fauna.
