Records of entities applying for cooperation projects

Area of interest cooperation:	<p>We have 4 specially protected natural territories "NATURA 2000", one of them is Lake Babite, which is the 7th largest lake in Latvia. Lake Babite is one of the 10 best bird watching places in Latvia. Interested in protecting, preserving and creating a quality environment for the surrounding residents. It should be taken into account that the population of the municipality of Marupe region is growing very rapidly, therefore, it is necessary to think about ensuring the quality of the environment, including the qualitative treatment of domestic sewage, etc.</p>
