Characteristics of the unit:	<p>Goldap is an urban-rural municipality, located in the northeastern part of the Warmian-Masurian Voivodeship, near the border with the Kaliningrad region of the Russian Federation. Moldap municipality is located in four mesoregions: Romincka Forest, Węgorapa Land, Szeski Hills and Zachodniosuwalskie Lakeland. Through its area flow the rivers Go³dapa and Jarka and there are lakes: Lake Go³dap, Kolki, Rakówek, Ostrówek. Part of the Romincka Forest Landscape Park is located in the municipality. The municipality belongs to the functioning area of the Green Lungs of Poland, where the predominant policy is to preserve and strengthen the ecological function. The municipality of Gołdap covers an area of 361.73 km², including: agricultural land accounts for 62%, forest land 26%. The municipality occupies 46.86% of the area of Gołdap County, and is adjacent to the municipalities of: Banie Mazurskie, Dubeninki, Kowale Oleckie. Go³dap has the status of a health resort with a peat and climatic profile.</p> <p>In the municipality there is a sanatorium, a pump room for mineral and medicinal waters. In the municipality there are bicycle and pedestrian Green Velo paths, as well as outdoor exercise facilities on the Goldap lake and in the center of the town. The municipality performs its tasks through its bodies: the municipal council (the decision-making and controlling body) and the mayor (the executive body). The municipality council within the municipality creates smaller administrative units (so-called auxiliary units of the municipality): sołectwa and settlements. Within the municipality, the Municipal Council in Goldap has identified smaller auxiliary units: 5 settlements in the city and 32 sołectwa in the municipality of Goldap.</p>
